EMBRACING SERVICE

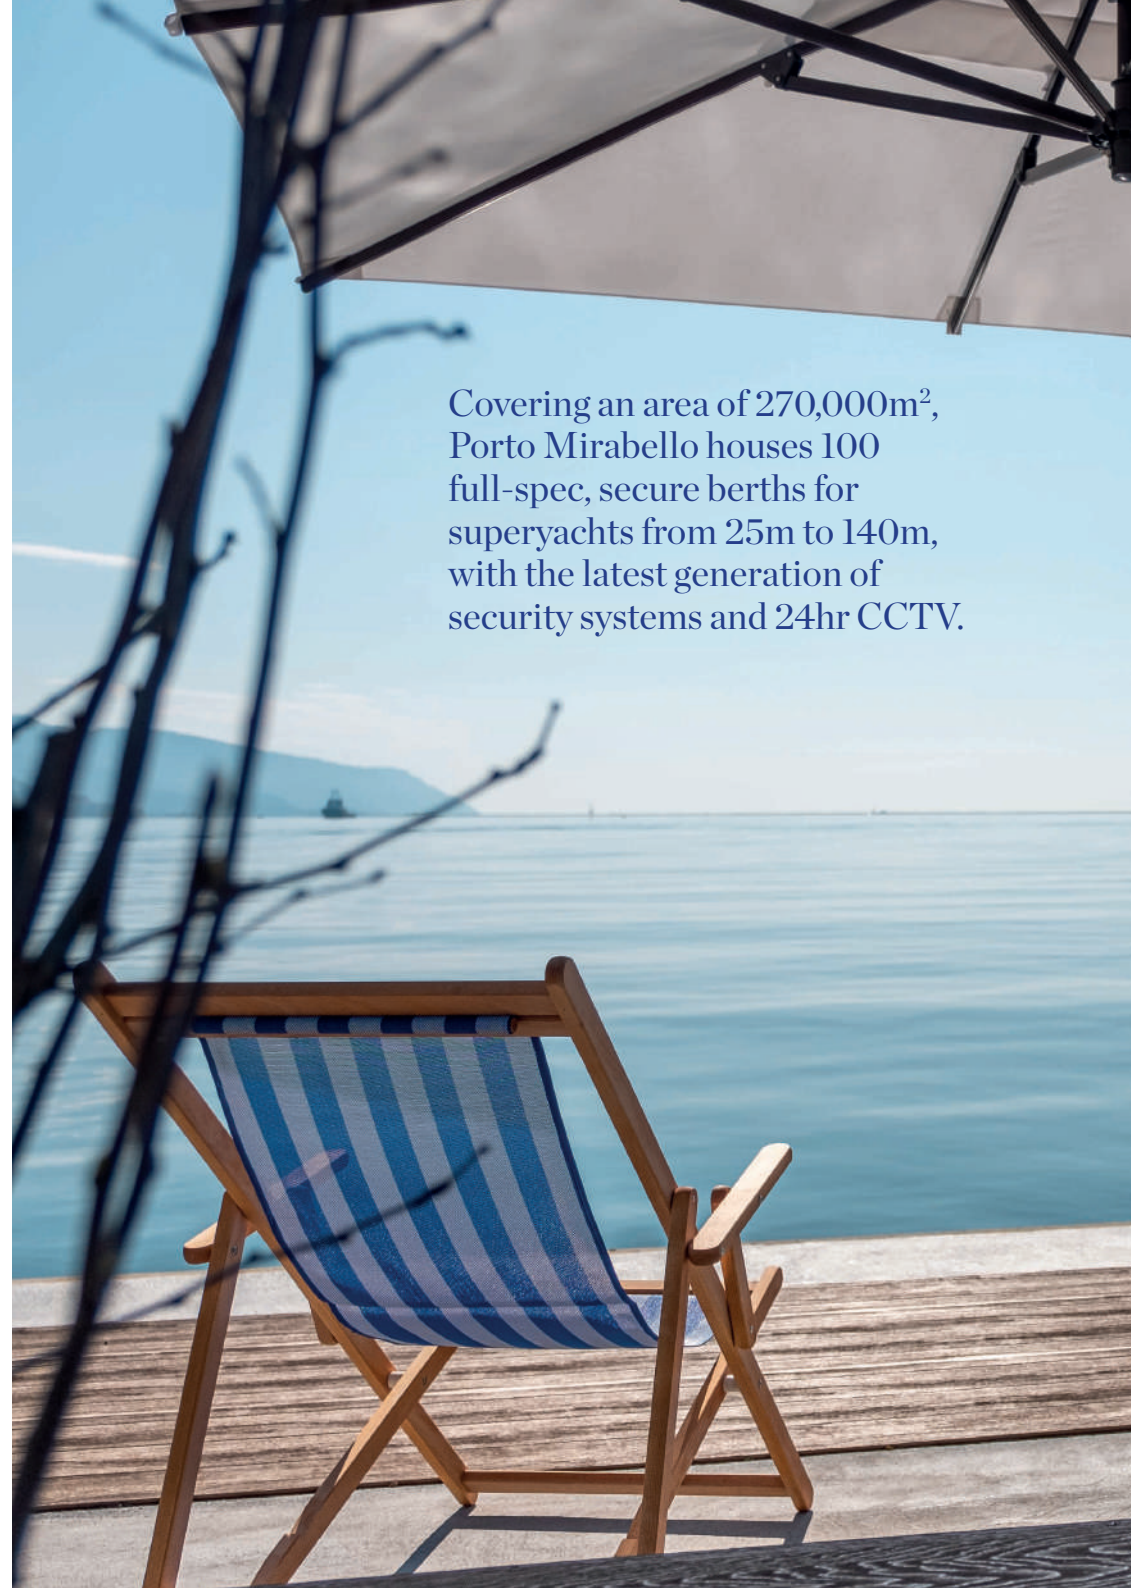

Safety, service and security: three elements
at the core of Porto Mirabello's ethos.

Located in the Gulf of Poets, Porto Mirabello enjoys a prime position in the heart of one of the Mediterranean's most famous regions. Linked to the cultural city of La Spezia by footbridge, this truly unique urban marina is built on the sea, and with 100 berths designed to cater to superyachts ranging up to 140m, Porto Mirabello is unrivalled in its capabilities as a home port for the largest yachts in the fleet.

At Porto Mirabello, we know that providing the ultimate on-water and in-berth facilities are only half the story. To ensure your stay – or that of your guests – is truly memorable, we offer a bespoke concierge service, and whether you want to enjoy the thrill of driving a Ferrari on the track at Maranello or secure reservations at a Michelin star restaurant – we are on-hand to cater to your every need.

Covering an area of 270,000m²,
Porto Mirabello houses 100
full-spec, secure berths for
superyachts from 25m to 140m,
with the latest generation of
security systems and 24hr CCTV.

“Porto Mirabello is an excellent port. We are very pleased to stay here, and I can guarantee that it is the top amongst the marinas.”
